My name is Jimmy Faile

You either are stupid or greedy, it is straight common knowledge that public transportation in South Carolina is a joke.

I live in downtown Charleston where UBER is the best thing that has happened here since the war.

This is the truth.....

Sorry if it doesn't make the state money, but it truly helps the people of South Carolina.

I have ridden in other states via uber. They are affordable, more efficient and a lot nicer accommodations than cabs. Please allow them to operate in SC. We need better options than some of our undependable and unsavory cabs.

Thank you,

I'd like to add, I apologize to the PSC and complaint staff in SC for my foul language. It was directed ONLY towards Uber but I feel it gets my point across clearly.
